Nevada County Mines Now Employ Almost 2,000

Englebright Writes Of Farm Relief Act

The following received yesterday from Congressman Harry L. Englebright is self explanatory:

Mr. H. M Leete,
Editor Nevada City Nugget,

Dear Friend:—At this session of Congress a new law known as the Frazier-Lemke Act, Public Law No. 486, 73rd Congress, was enacted, and in order that you may be advised as to its provisions, I am sending you this communication incorporating an outline of the same.

This law adds a new section to the National Bankruptcy act, providing that any farmer dissatisfied with a settlement of his indebtedness may petition a Federal Court to have his property appraised at "its then fair and reaosnable value, not necessarily the market value, at the time of such appraisal."

The act provides that if the farmers' creditors agree to an adjustment of the debt in line with this appraisal, the farmer, during the first year, need pay only 1 per cent interest on the amount of indebtednss, but the second and third years, in addition to 1 per cent annual interest must also pay 2½ per cent of the debt each year. In the fourth and fifth years the farmer would be required to pay 5 percent of the indebtedness each year, paying the remainder at the end of the sixth year. Unpaid balances are subject to 1 per cent interest.

If the creditors refuse to accept this proposition, all proceedings such as mortgage foreclosure against the farmer are stayed for five years. During that period he may retain possession of the mortgaged property, paying to the court a "reasonable rental" for its use. This rental will be turned over to creditors.

At any time during thih five year moratorium period, the property pledged to secure the debt may be reappraised and an adjustment., as already outlined, agreed on by the farmer and his creditors. The terms of th act apply only to debts existing at the time the act became effective, which was June 28, 1934.

With the best of wishes, I am
Sincerely yours,
Harry L. Englebright.

BEE CAUSES CAR CRASH ESCAPES UNHARMED

Albert Eckman, local miner, took a friend to the Omega mine near Washington Sunday and returned at about daylight Monday morning. When he made a turn just above the Winney chicken ranch a bee flew into his car stinging him sharply. Mr. Eckman instantly ducked his head as he thought the windshield was broken and that he had been hit by flying glass.

Surprised, he lost control of the car and turned off the road over a low embankment. As he struck the lower ground his machine bounced really breaking the windshield this time and damaging the front of his car. The cushion flew out from under him and he sat down hard in the tool box among monkey wrenches and things The car stopped abruptly. The bee flew away unharmed.

GIRLS CONVERT OLD TUBES INTO MARIONETTES

By Camp Correspondent

The last group of Campers from te Bay Region arrived last Monday afternoon and were glad to escape complications of a general strike take up life in the peaceful atmosphere of the Lake Vera country.

Bobbette Pollard, of San Francisco is our new alcalde, the the program for the week has been full of interesting things. Swimming and boating on these hot days has been popular. Among other things in crafts we are making use of discarded materials and are turning them into things of use and beauty. Tin cans do not go into refuse hills but find themselves turning into footlights, candle sconces, tin animals, while Nevada City and Grass Valley garages have been startled by requests for old inner tubes. These are used to make very attractive marionettes which will appear in their first prformance on Saturday evening.

The evening programs for the week are dedicated more or less to the arts. An evening of music, which included a toy orchestra, dramatized songs, and group singing and games was held on Tuesday. Wednesday at camp fire some ghosts of yesterday appeared and told dramatized stories of early gold rush days in this region. The campers are to be the guests of Primitive Camp at their camp fire on Friday when the theme of the evening will be the "Elments". On Saturday the weeks activities will be portrayed through th medium of dancing. Sunday will be the last full day at camp and activities will continue throughout the day. Closing ceremonials will begin with vespers in our green cathedral, a lantern parade to say goodbye to our favorite spots; a camp-fire on the shores of the lake a farewell to our lodge living room when the candles in our old Wagon Wheel candlabra will be extinguished until another year.

Everyone has loved our first camping season in this country and feel grateful to the local inhabitants for their cordiality and cooperation. We hope to return next year.

Payroll Over Quarter Of a Million Monthly

The month shows a light decseuse in employment among the mines, particularly the mines under development. Producing companies however, are gradualyy adding to their working forces. Total number of men employed in the list given below is 1980 with a payroll for the county aggragating $257,700.

Among the mines which have increased their forces are notably the Bullion, Idaho-Maryland, and Empress.

The Bay strike, taking it by and large had little effect on the mining industry in this county. Guards were asked by some of the mine managers who ship concentrates by truck to Selby's on the bay.

Reports from various mining companies follow:

OPERATIONS RESUMED AT THE DOCILE MINE

San Francisco people have resumed operations at the Docile mine near Alleghany, with B. C. Austin, mining engineer, directing the work.

The mine is near the Sixteen-to-One, Oriental Gold Star and other noted producers of the Alleghany district. It is believed it will contain extensive ore bodies found in nearby groups. Plans are to install machinery as the property is developed.

OMEGA GRAVEL MINE

The building of flumes and getting out of lumber continues at the Omega gravel property near Washington which is owned and operated by the A. W. Hoge interests. The company is making preparations for a good run next season.

YOU BET MINING COMPANY

A satisfactory clean-up was made at the You Bet Mining company gravel property and a small crew is employed preparing for the coming season. Mr. Scott is engineer for the company.

McDONALD RANCH

A small crew is engaged in reworking the slimes or tailings from the North Star property on the McDonald ranch southwest of Grass Valley. The first recovery was about 90 per cent and the new company reworking the tailings is recovering about 75 per cent of the 10 per cent that was lost in previous work.

EMPRESS MINE

It is rumored the Empress mine is going full capacity again with 50 men employed. Robert Hathaway, millwright of Grass Valley, and a crew of 20 carpenters have about completed the erection of the surface buildings and heavy foundations which will accommodate the 200 ton ball mill and ore crushers. Good mill ore is being mined from the 500, 800 and 1,000 foot levels. The mine is working two shifts. Ed C. Jacobs of Nevada City is superintendent.

LACINE MINE

James Penrose, Nevada City merchant, recently gave a lease and option on the Lacine property composed of some 400 acres, and which adjoins the Idaho-Maryland property in the Hills Flat district. Robert Hauxhurst, Jr., minnig engineer of San Francisco, represents the Phoenix company.

MAYBERT MINE

A crew of six is employed at the Maybert mine in the Washington district clearing out and retimbering the old tunnel in preparation for active developing of the property.

BLUE JAY CLAIM

Construction work has started on a new 50 ton capacity mill at the Blue Jay mine near Goodycars Bar under the direction of William Holland of Nvada City, the designer and builder. Surface buildings, headframe, camp buildings are to be erected. O. A. Strand and Huggins Brothers are operators of the mine.

LAVA CAP MINE

The Lava Cap Mining company is sinking 200 feet to the mapped out 1200 foot level in the Central shaft.

FUND GROWS FOR SERIES OF BAND CONCERTS HERE

The concerts which have been inaugurated by the Nevada City High School band are much appreciated by residents and their appreciation is being expressed in small donatons. contributed toward the hundred dollar fund, being raised for this purpose.

Yesterday Bill Rickard, sheriff's deputy, "arrested" everybody in the court house and they all paid small amounts toward the music fund Collections for the band are in the general charge of Elza Kilroy, who was major domo of the fund last year.

Contributions to date follow: Nevada County Lumber company, W. H. Griffith, George Kerwin, Otto Schiffner, John W. O'Neill, E. J. N. Ott, Hydraulic Parlor, N. D. G. W., Supervisor Cary Arbogast, Joe Lopez, Pine Street Tomale Parlor, Bank of America, Miner's Club, Passtime Club, United Electric company, Mrs. Betty Martin West, Geo. Carter, Bill Rickard, Sam Clark, Frank Steel, Ella M. Austin John M. Hammill, Judge Raglan Tuttle, R. N. McCormack, Charles Guenther, W. E. Wright.

REGISTRATION SHOWS BIG POPULATION GAIN

Registration for those who may vote in the primary of August 28, closed yesterday. It is unofficially estimated that when all registration pads are in and counted the total number of voters in the county will approximate 9,000. This is about 3,400 more than were registered in the county four years ago, and indicates an increase of population in the county of around 10,000 in the past four years.

NO ASSESSMENT COMPLAINTS

Monday the Board of Supervisors who have been meeting as a board of Equaliztion completed their work in that capacity. They completed examination of the assessment rolls for the year 1934-1935 as handed in by County Assessor John M. Hammill and his deputies. No citations to taxpayers were made and no complaints were received from any taxpayers in regard to the assessments.

JUDGE TUTTLE CALLED SOUTH TO PRESIDE

The Nevada County Superior Court will take a vacation beginning July 23, but not Judge Tuttle. He has been assigned by State Judicial Council to preside in Los Angeles County on July 23, and the litigation is expected to last several weeks. He will leav for Los Angeles accompanied by Mrs. Tuttle and sons, Franklin and Richard, Saturday, July 21.

DEATH SUMMONS BELOVED WOMAN

Mrs. Wade Armstrong passed away yesterday at her home on Nevada street. She had suffered for a year or more. Sometinme since she underwent an operation which failed to give her the relief hoped for. Her husband, who has been somewhat of an invalid, is prostrated by the shock.

Mrs. Armstrong was a member of an old family of the Hawaiian islands. She leaves, besides her husband, a sister in Honolulu and her father, Mr. Curtis P. Ward also of Honolulu. With Mr. Armstrong she came to Nevada City about 12 years ago, where Mr. Armstrong engaged in his profession of mine engineering. For some years he was occupied with mining in Forest City.

Wherever Mrs. Armstrong lived she made a circle of warm friends She was hospitable, charitable, and sustained in all her relations with the world a charming dignity and graciousness. Beloved throughout her life, reflecting the fine culture of her upbringing and education, she leaves many to mourn deeply her passing.

Funeral services will be held tomorrow (Saturday) morning at 10 o'clock at the Armstrong residence. The Rev. Charles Washburn, rector of Trinity Episcopal church, will read the service for the dead. He will accompany the remains to Sacramento for last service before cremation at East Lawn cemetery. The funeral arrangements are in charge of the Holmes Funeral Home.

FRED W. NOBS ILL IN JONES HOSPITAL

Fred W. Nobs, superintendent of the Empire Star mines, is ill in the Jones Memorial hospital. His physician, Dr. Carl P. Jones, stated last night that his conditions is not serious.

LEAGUERS TO CAMP WEEK IN HUMBOLDT CO.

Local members of the Epworth League will leave for their camp August 3 of this year. Rev. Buckner hopes that all the members who can will take advantage of the wonderful trip and institute program that is planned. The camp will be in Humboldt county and will last eight days. To league members the charge for transportation and board for the eight days is only seven dollars. This is an outstanding opportunity to see a beautiful part of California. The San Juan bus has been chartered to take the young folks on the 300 mile trip.

Mr. Moulton, owner of the bus will furnish his regular responsible driver. The trip will take about twelve hours.

Two ladies will take charge of the cooking and good eats are promised. Each member is to take his own bedding, a cup, plate, knife, fork, spoon and a frying pan. These things are to be shipped in advance at no extra expense. It is desired that two ship their blankets in one roll wherever possible. They will be sent by freight on Saturday, July 28, so must be at the basement of the Methodist church no later than Friday, July 27, or at the very latest very early Saturday morning. Carl Murchie has charge of the shipping. Phone him to clear up any questions about packing.

A very fine program has been planned, twelve faculty members will have charge of it.

WM. TAMBLYN SEES FRED BREESE'S BEAR

Several Nevada City persons have seen bears lately and it stated W. V. Tamblyn local theatre man, met Fred Breese's bear a few days ago while up on the Tahoe-Ukiah highway. He judged that the bear weighed fully 700 pounds.

Either Maxfield or Stevens, at the Five iMile house, above Nevada City came face to face with a large bear while hurrying down a trail. The animal at once sat up on its haunches. Both as the story goes, froze in their track, until bruin decided to turn aside.

A motorist coming over from Reno, Nev., a few days ago saw a big lioness and two kittens above the Five Mile house and came to Nevada City and spread the alarm. Robert Gates took his dogs and went up. But the location was too indefinite and he missed them. It seems as the season advances the wild animals are becoming tamer.

LICENSES FOR GOLD SELLERS

Pter J. Hagerty, superintendent of the United States Mint at San Francisco, has just issued the following notice to all miners and mining companies who reduce bullion containing gold to bars before shipment to the mint, smelters or refiners:

The treasury department has ruled that under Section 23 of the Provisional Regulations of the Gold Reserve Act of 1934, all miners who reduced their product to bar form must be licensed in order to perfrom such smelting. Licenses will be issued by the mint at San Francisco only for applicants having their residence or principal place of business in California, Nevada, Arizona and the territories and possessions of the United States not specifically included in other mint districts.

The application must be sworn to before a notary public, judge, justice of the peace, etc. Note: It can not be sworn before a postmaster, collector or deputy collector of revenue or customs.

Two copies of the application properly made out and sworn to must be filed as soon as possible, as unless the seller is licensed melted gold will only be paid for at the rate of $20.67 per pure ounce.

County Superintendent of Schools Mrs. Ella M. Austin spent Tuesday in Truckee in the interests of her campaign.

THE PUBLIC BE DAMNED---AGAIN

Along about 1900 some railroad magnate gave utterance to the anathema "The Public Be Damned". The words have been variously attributed to malefactors of great wealth. The result of these four words and the spirit that begot them, was a thorough overhauling of the laws governing corporations.

Today not in words but in actions, Union Labor has said to the people of California, "The Public Be Damned". It has had the insolence to propose first (it is a matter of newspaper record) that only union families should eat, and receeding from that position when the militia marched into San Francisco, that only 19 restaurants of San Francisco's 2,000 eating places should open to supply food to over a million of people. It has now retreated from that position and will "permit" other restaurants to open. The specially favored, of course reap a harvest while other restaurants, if the fiat of Union Labor is permitted to stand, will suffer a complete loss of business and very possibly be obligated to close permanently.

Other actions that clarion "the Public Be Damned" policy, are the attacks on homes, food stores, trucks, and the beating and maiming of private citizens who have been going about their private business.

As between Capitalists,

Who insidiously grind the faces of the poor, year after year, building up huge fortunes, defying and breaking the laws of their country and of humanity, coining the sweat of little children, raiding the savings of the toilers by fraud and chicanery, in short, undermining by every foul trick and dirty strategy their own civilization,

And the Labor Unions—

Who institute a reign of terror to enforce their demands upon employers, trampling on the liberties, rights, and lives of innocent people, the general Public,

There is little to choose.

But the Public is sick of this incessant warfare on its rights, its liberties, and its security of person and property.

In this civil war which has been instituted in San Francisco, organized labor will lose, because its methods of fighting, open, above board, spectacular, and terrible, present a larger target for public wrath than those of capitalism. Union Labor will receive a set-back that will require years to overcome. No group of 100,000 (and this is a liberal estimate) can sieze 1,300,000 by the throat and get away with it for long.

The cure?

There is only one under our social, economic and political set-up. Compulsory arbitration, with drastic penalties for either employers or labor organizations which violate its terms.

The great Public—the so-called white collared men, the small home owners, the farmers, the unorganized, the inarticulate public, which vastly outnumbers both the rich employers and organized workers, istired and sick of being ground between the upper and nether mill stones. The Public is tired of being damned.

NOTICE TO WATER CONSUMERS

Irrigation hours will be in effect from now on, May 24, 1934.

Irrigation Hours—6 to 9 a. m.; 5 to 8 p. m.

No irrigation water permitted to be run outside of these hours.

Have all leaky taps and plumbing fixtures repaired.

By order,

CITY COUNCIL.

H. S. Hallett, Supt. Water System.

Grandmother's Trunk

My grandmother's trunk in the attic
It filled with ridiculous things,
To which with absurd veneration,
Her fancy tenaciously clings.
There are garments both lengthy and heavy
In which gentle maidens of yore,
Swished over the sidewalks and bridges
And mopped up the dust from the floor.

There are waists barricaded with whalebone—
The sleeves are enormous, I swear!
There are hats that once teetered and wobbled,
Perched high on great mountains of hair;
And there are red flannel undies,
Grotesque, undesirable things,
But to them my grandmother's fancy
With infinite loyalty clings.

The dolmans and shaws were outrageous,
And corsets made breathing an art
That couldn't be practiced in public
And stifled the beat of the heart;
The figures were strangely distorted
By bustles and queer padded things,
But to them my grandmother's fancy
Forever romantically clings.

How could they be neat, sweet and fragrant,
Those garment enslaved ones of yore,
Whose long trailing dresses were laden
With microbes and dust from the floor?
Oh modern maid, cherish your freedom—
Your contact with sunlight and air,
You're the rose of the ages, my dearie,
In the few,wispy things that you wear.

—A. MERRIAM CONNER.

ROAD ROLLER $3625 TO ARRIVE SOON

At the regular meeting of the City Council held last evening the purchase of the new seven ton road roller was completed. It will be shipped to Nevada City within a few days. There was some doubt about its delivery, but now that the strike conditions are clearing up there will be no delay. The roller will cost $3,635, to be paid for in monthly payments of $190 each.

They also decided to ask for further bids for the change rooms for the municipal pool. The notice to Contractors and specifications appear in this issue of the Nugget.

S. Lee Leiter is spending this week at Richardson Springs and will return home Sunday.

It is rumored that Hoffman, a London, England, mining engineer, is examining the old Smartsville hydraulic mine in the Grass Valley district, with a view to ts possible reopening.—From the July "Mining Review."

NOTICE TO CONTRACTORS

Sealed proposals will be received by the Board of City Trustees at the City Hall, Nevada City, California, until 8:00 P. M. Monday, July 30th, 1934, for the construction of a change house in connection with the Municipal Swimming Pool, in accordance with the specifications therefor, to which reference is made in the following separate items.

CITY ENGINEER'S APPROXIMATE ESTIMATE

Item 1. The construction of a reinroced concrete floor and foundation for a change room 12 x 100 feet.

Floor 4 inches in thickness reinforced at the center with wire mesh weighing not less than 30 pounds per square of 10x10 feet, and containing approximately 21 cubic yards of concrete.

Thirty ½x10 inch carriage bolts for anchorage in walls 4 inches thick and extending 6 inches above the floor.

Eight 4 inch cast iron sewer connections; one 3 inch cast iron urinal connection and one 2 inch foot bath connection; two basin connections; five strainers for 4 inch outlets—all installed.

Item 2. The main building 12 feet in width and 100 feet in length, maximum height 14 feet; to be constructed with 6 inch tongue and groove redwood log-strip facing to a height of 6 feet above wall, above which is a continuous opening one foot in width and 192 feet in length to be covered with No. 16 wire, diamond mesh, 1½ inch galvanized screen. Eighteen hundred and thirty six square feet of No. 26 gauge, galvanized steel roofing. Nine change rooms, 3½ x 4 feet. Six showers; five toilets; ticket and concession room, requiring about 4120 board feet of clear lumber and 1880 board feet of dressed lumber. Five Yale type door locks; five doors; 29 pair of door hinges; forty coat hooks.

Item 3. Furnishing and installing five flush-seat toilets with traps and fittings. One four foot urinal trough with fittings. Forty 1 x 8 inch pipe supports with flanged ends. Two hundred and ten feet of 4 inch sewer pipe. Two hundred and seventy feet of 1 inch galvanized water pipe. Three hydrants and 8 shower heads, installed.

Item 4. Wiring, building and installing 10 plain, 30-watt light fixtures, each with 12 inch white porcelain enameled reflector.

Item 5. Furnishing 100 two compartment steel lockers 12 by 36 inches with locks and keys.

The foregoing quantities are approximate only, being given as a basis for comparison of bids, and the Board of City Trustees and City Engineer do not, expressly or by ihplication, agree that the actual amount of work correspond therewith, but reserve the right to increase or decrease th amount of any class or portion of the work as may be deemed necessary or expedient.

All bids are to be compared on the basis of the City Engineer's estimate of the quantity of work to be done.

Plans may be seen as well as specifications at the City Hall.

The general prevailing rate of per diem wages and also for legal holiday and overtime work in the locality in which the work is to be performed for each craft or type of workman or mechanics needed to execute the contract for performing th above described work and improvement is as follows:

Rates for eight hour week day:

Common laborer	$4.00
Truck driver	$4.50
Tractor driver	$5.00
Plumber	$7.00
Grader men	$4.00
Cement finisher	$5.00
Carpenter	$6.00
Electrician	$8.00

Maximum hours of work in one week, 30 hours. The rate for legal holiday and overtime work shall be one and one half time the above per diem rate. For any other wage scale not mentioned herein the prevailing wage scale of this district will prevail.

The Board of City Trustees reserves the right to reject any and all bids, or to accept the bid deemed best for the interests of the City.

GEORGE H. CALANAN
City Clerk.

Date adopted July 19, 1934.
Published July 20 and 27, 1934.

EDUCATIONAL SUPERSTITIONS ARE LAID BARE

Los Angeles, July 19—Five prevalent superstitions regarding modern education were analyzed and stripped of their fallacies when Dr. Frederic P. Woellner, member of the education faculty of the University of California at Los Angeles inaugurated a series of extra-curricula lectures which the University's summr session has opened to the public.

"We are losing faith today that somehow, somewhere, we can educate all the childrn of all the people if we can get them and hold them in our schools. With the eradication of this superstition, there should be no limit to what we will do for the able student, but there should be plenty of easy exits for the unfit."

A second fallible superstition, said Dr. Woellner, is the belief in the "magic of useless subjects"—such as the theory that the study of mathmetics may "exercise" the brain. A third superstition, he declared is the belief in the "magic of research". Fourth in importance the educator listed the superstition that "men must adjust themselves to the world they live in, rather than adjust the world to suit themselves in the matter of an Edison, a Marconi or an Einstein."

Final important superstition, he declared, is the "superstition of knowledge".

"Wrong emphasis on knowledge itself as an aim of education is the result of this prevalent superstition," he said. "The facts of today are the superstitions of tomorrow. That mind is most likely to endure which is flexible enough to include all truths. The significant thing about knowledge is knowing how to use it as a stepping stone to the knowledge that is to come. Knowledge is in the eternal process of coming".

Summer session events at the University of California at Los Angeles include a wide variety of extra-curricula events, including concerts, lectures, drama readings and educational conferences to which the public is invited.

SAN FRANCISCO AWAITS YOU

A great welcome awaits the members of the American Legion when they come to the "City That Knows How" for their 16th annual California Department Convention, August 11 to 15.

Plans are being made for the largest state conclave in the history of the organization. The American Legion Auxiliary, the Forty and Eight, the Eight and Forty and the Sons of the American Legion will hold their conventions in San Francisco at the same time.

Mrs. Jack Sawyer and two children of Willows are spending this week in Nevada City visiting with Mrs. Sawyer's aunt and uncle, Mr. and Mrs. R. M. Ewing.

Miss Earline Sutton has come to Nevada City to remain till strike conditions are quieter. Miss Sutton is a student at the Pierce School of Beauty Culture.

Mr. and Mrs. E. E. Barker left Wednesday for New York. After remaining there a few days they will leave for the State of Durango in Mexico where Mr. Barker will take the superintendency of a gold mine of that country.

Miss Minnie Kohl, formerly of Nevada City has been elected to the principalship of th Burbank school in Oakland. Miss Kohl recently attended the convention of the National Educational convention in Washington, D. C.

DISEASE PERILS PONDEROSA PINE

Threat of a diseace of ponderosa pine, California's most important lumber tree, apparently epidemic in character in the southwest has caused the Forset Service to send out scouting crews to determine definitely if the disease has entered the State.

The disease is known as the twig blight and its origin and effects are still being studied by scientists. Two crews made up of wood pathologists faliliar with the blight will work in the northern and southern halves of the State, covering as rapidly as possible all areas where ponderosa and related pines of the yellow pine group occur, both within and outside the national forests and parks. One party is now in the Tahoe National Forest and another in the Angeles National Forest.

Ponderosa pine, whose legitimate name has been a subject of extended controversy, provides over 50 per cent of the averag annual lumbr cut and forms about 25 per cent of the timber stand of California. Formerly it was called western yellow pine by the Forset Service and California white pine by the lumberman.

COUNTY COSTS OF GOVERNMENT ARE ANALIZED

BERKELEY, July 17— Analysis of trends and variations in expenditures between California counties for county services and functions, made by Dr. J. K. Galbraith, former research assistant in agricultural economics in the University of California, and now on the staff of Harvard University, raises the question of reduced overheads through county consolidation.

"For the small counties of the state, those with present populations of less than 20,000 to 40,000 county consolidation holds promise or reduced expenditures, and a narrower ration of administrative overhead expenditure to service expenditures," he points out.

Counties with present population of 40,000 he holds, do not show an expenditure organization markedly differing from that of counties with twice or three times this population. His study shows that, with a status quo in internal organization, economies from consolidation of such units are not apparent. He adds:

"The striking character of the increase in expenditures of California counties in the last 18 years, which brought expenditures for 1932 to more than 300 per cent of the 1915 level, is tempered somewhat by the increase in population and a generally lower dollar value during much of this period.

Two Types Overhead

"Adjustment of expenditures during the intervening period for these later variables, a process which requires rather precise statistical assumptions, brings a marked diminution in the indicated increase."

He offers evidence that the small county suffers from the burden of two types of overhead charges. One is the heavy statutory overhead for the carrying of what is probably an excess of machinery for general administrative purposes of general government and law enforcement. Apart from the factor of need, there is evidence of a heavy fixed charge for providing institutions for a small county unit, and road machinery and equipment for even smaller supervisoral road districts.

He finds that the small counties spend comparatively more for all services and functions than do the larger units. It also is apparent that they spend less for "the counties' multitude of recently added services to economic welfare, and for health services." Small counties devote a smaller proportion of all expenditures to education, Galbraith's analysis shows. Also, smaller counties spend markedly less for service of indebtedness than do the larger counties.

BIRDS ARE QUEER SAVANT FINDS

BERKELEY, July 19— Calling a fellow human "a queer bird" is not so paradoxical as it sounds, according to Dr. Wm. E. Ritter, emeritus professor of zoology, and Dr. Seth B. Benson assistant curator of animals, at the University of California.

Drs. Ritter and Benson recently made a study of the frequently reported shadow-boxing activities of birds. They came to the conclusion that birds are impelled to fight their reflections in windows and mirrors by a deep-seated belief in the sacredness of property rights. Birds, like human beings, like to own a bit of land, however small, and they resent intrusion upon it even by reflections. This feeling is practicularly strong during the nesting period.

The attention of the University men was drawn to this phase of bird psychology by the attacks of a brown towhee against their office windows in the Life Sciences building on the Berkeley campus. They estimated that during a period of seventy days this bird whacked against the window at least 10,000 times. The noise and flittering of the quixotic bird became so noticeable that Benson of accused Drs. Ritter and Beson of having stolen its young or of having put it out of a cage to which it wanted to return. Finally, in self-defense, they issued an offical denial of the charge in a popular bird magazine. "The Auk," entitiling their statement of the case " Is the Poor Bird Demented?"

In their conclusions they say: "It is now certain that several species of resident birds in California keep, and defend to some extent, their territories throughout the year and for several years."

NOTICE

M. A. 026967. U. S. Land Office, Sacramento, California. July 12, 1934. Notice is hereby given that Laurence J. Smith and Della Jane Smith, co-owners, of Nevada City, California, have made application for patent to the Commander Placer Mining Claim in the Canada Hill Mining District, Nevada County, California, described as follows: All SE¼ SE¼ Sec. 17, T. 16 N., R. 9 E., M. D. M. Adjoining land to the south of this claim is the patented Mayflower placer mine, Lot 82, to the north the land is patented to the Central Pacific Railway Company. The only conflicting claim is Lot 70, the Sandoe placer, but this conflict is not excluded from this application. Location notice is recorded in Book 29 of Mining Claims, page 127 of the records of Nevada county.

A. M. HOLMES
Nevada County Coroner—Offices in Nevada City and Grass Valley

Perhaps never before in the history of the county have the people given so much thought to the caliber of the man who will hold public office as well as their proved personal attributes and capabilities that would indicate how well they would hold their respective offices after being selected. This is true of the people of Nevada county, as it is of the nation. A. H. Holmes's constructive administration of his own private affairs and business has gained him a hearty regard and the respect of his colleagues, because his career as a citizen has been helpful and conducted in a sound and business-like manner. He has been indefatigable in his efforts to give the interests of his fellow citizens the best that is in him and his policies have been so manifestly honest and above board that he has won the plaudits of all, regardless of partisanship. It is such men who merit well at election time, for the day has passed when men are selected for office as a personal favor.

LONG, TALL HIKES FOR BOY SCOUTS

Camp Pahatsi opened its second week of Boy Scout Camp with more boys than the preceeding week and with a larger staff.

During the last week several hikes were made. A four day fishing and hiking trip to the North Fork of the American River at the Royal Gorge was led by Virgil Harden and supervised by M. S. (Klondike Ike) Beecher. On Monday night patrol overnight hikes were made for practice. The Camp Overnight Hike was made to the Lake of the Wilderness on Wednesday with Harris Ricksoker, Elwyn Gregory, and Jeff Moores in charge. On Thursday morning 29 scouts and leaders hiked around and to the top of Devil's Peak where they were able to obtain a splendid view of the surrounding country and to count sixteen lakes. The patrol which obtained the largest number of hat honors was taken to Norden on Saturday to witness the interlocking plant of the Southern Pacific Company for train control. A day hike is planned for this week to Mount Lincoln. The Camp will leave on Wednesday morning and return before supper.

In camp from Nevada City are: Clem Organ, Albert Pratti, Dick Tuttle, Bill Gracey, and Ernest Chapman.

On Sunday Mr. W. B. Goodnough, Scoutmaster of troop No. 11 of Roseville, brought ice cream to camp from the American Legion Posts of Placer and Nevada counties In the afternoon a water front program including life saving and water sports demostrations was presented. Another similar program is being prepard for next Sunday which will be Knights of Dunamis Day. Election and installation of officers of the Tahoe Chapter of the Knights will be held in the afternoon.

W. L. (Pop) Holmes of Roseville has started construction on three boats, the lumber of which has been donated to Camp, two by the 20-30 Club of Auburn, the other by Walter Reynolds of Auburn.

The waterfront department reports that a life saving patrol has been organized, lost bather drills have been practiced, an one Junior Red Cross Life Saving award has been made. A nature trail has been started and extended about 600 feet. A First Aid Service Team is being organized and the fire patrol has had several drills.

Slides of Fourth of July Celebration
Band Selection
Trumpet Solo—L. E. Sweeney
Band Selection
Movies of Fourth Parade
Band Selection

The entertainment will be held at the Methodist church auditorium, the public is cordially invited. A silver offering will be accepted.

TWO CARS CRASH ON LOCAL STREET

Sunday a machine driven by D. J. Smith of Sacramento traveling north on Main street collided with a car driven by Ernest Rodda of Grass Valley, who was going out on the Tahoe-Ukiah highway.

No one was hurt, but the front wheels and fenders of both cars were badly damaged.

There is no stop sign at this intersection and this is the second accident to occur at this place in the last few months. Chief of Police Garfield Robson will put up a sign as soon as possible to avoid further accidents if possible.

AT ROSE FASHION SHOP

The Rose Fashion Shop is showing a most intriguing lot of bargains in their pre-autumn sale. Some lovely semi-formal organdies that are so gay anl practical for the Saturday evening dances are offered at a very low price. Thre are also some darker dresses that are just the thing for in-between seasons.

On the bargain tables are silks and chiffons at a discount that will permit patrons to have that extra dress hey have been wanting to fill in before the later fall things.

MORE SCOUTS OFF TO PAHATSI

Dick Marriott, John Muscardini and Robert Schiffner will leave Sunday for Scout Camp Pahatsi on Kilborne Lake. Dick and Robert are on the Nugget carriers staff.

Albert Pratti sent word to Dr. C. W. Chapman that his patrol made the high score of forty pounds in the first week he was in charge. Dr. Chapman has not had a later report but hopes the boys are keeping up their good record.

MINING NEWS

(Contiuned from Page One)

The 200 ton mill is milling 125 tons of ore from the Central shaft and 25 tons of low grade ore from the Banner shaft. The company has just installed a Denver 500 Sub A flotation machine in the circuit of the ball mill and classifier which is working very nicely. One hundred men are employed at the Lava Cap property.

IDAHO-MARYLAND

The Idaho-Maryland Mines, Ltd., continue to play a leading role in developing and opening up of their properties. Many thousands of dollars have been spent rehabilitating the old and new Brunswick shafts, erecting a new headframe and ore bins at the old Brunswick mine, installing a plant to handle old deposits of tailings and continued mining in the Idaho-Maryland. Present developments are the driving of a tunnel on the 1,000 level from the Idaho-Maryland property to connect with the shaft on the Mitchell property, and the sinking of a five foot six inch shaft with a new shaft drill machine on a tunnel which lies between the Idaho-Maryland and the old Brunswich shaft. Errol MacBoyle is president and manager, and Bert Crase, superintendent.

SPRING HILL

At the Spring Hill mine north of Grass Valley a long cross cut is being run on the 500 foot level to connect with a shaft on the Golden Gate property recently taken over by the company. Three shifts are working. H. R. Plat is superintendent.

SPANISH MINE

The winze in the upper tunnel at the Spanish mine above Washington is over 300 feet deep. Ore is being mined and taken by the mile and a quartr tramway down to the mill. Three shifts of 25 men are employed. Douglas Riddle is foreman.

ZEIBRIGHT MINE

A 200 ton daily capacity ball mill is to be installed at the Zeibright Mine in Bear Valley east of Nevada City, in addition to the present 10 stamp mill. It will handle large quantities of low grade ore at a profit. The road to the property has been improved making easier traveling.

ALASKA MINE

Eight men are now employed at the Alaska mine above Nevada City timbering the shaft and getting ready to reopen the mine. Headframe, ore bins, and other surface equipment are being built at the property by Al Kelliher, contractor of Nevada City. Jimmie Tembath is superintendent.

EAGLE BIRD MINE

The Eagle Bird mine has completed sinking from the 800 foot to the 1200 foot level and the crew is cross cutting to the vein.

GOLDE NCENTER

Developing and taking out of ore continues at the Golden Center property in the heart of Grass Valley, that is owned by the Cooley Butler interests of Los Angeles.

PHOENIX MINE

Three shifts are employed at the Phoenix mine in the Allison ranch district south of Grass Valley. A station was cut at the bottom of the new 400 foot shaft. This new shaft or raise, will be completed into a three compartment incline shaft. The company will then sink from the 400 leve in order to explore and develop the ore bodies. A new 70 foot headframe and other improvemnts will be completed by the end of the summer. T. S. Davey is superintendent.

FOSS GRAVEL PROPERTY

Allen and Muscardini, who are mining the Foss gravel property in the Lowell Hill district, are in over 1100 feet. Plans are to continue development until fall Some good sized nuggets and coarse gold have been taken out in mining operations.

DELHI and RIVER PLACERS

The mile and a half power line was completed Saturday into the River Placers and famous old Delhi properties under the supervision of Mr. Hughes. Although these properties adjoin and are owned by separate interests the same line will carry electricity to both mines

TONIGHT WHEELS OF DESTINY WITH KEN MAYNARD

Ken Maynard in "Wheels of Destiny", tonight's attraction at the Nevada Theatre, reveals this prince of cowboys in one of those roles that captivate the youth in everybody. wagon train lumbering as fast as wagon train could across the praries, hundreds of Indians watching for the best moment to attack, a vast buffalo herd thundering and rumbling on its way, a ravaging prarie fire, and men and women sacrificing their lives that some might live in the Trek West, these are high lights on tonight's great picture.

For Saturday night, July 21, will be presented W. G. Fields, comedian extraordinary, in "You're Tellin' Me." That famous old gag "Everybody works but father" is given a brand new angle, for "he makes us laugh all day". Along with Fields in this mirth fest are Larry (Buster) Crabbe, Joan March, and Adrienne Ames.

Sunday night, July 22, the bill will be: "Looking for Trouble" and oh!boy! what a lotta trouble there is. Spencer Tracy and Jackie Oakes play the big roles, with Constance Cummings, Arline Judge and Judith Woods assisting in all the scenes where the laugh reaches its tidal crst. Tracy and Oakie are heralded as new kings of comedy

VACATION TROPHY S RATTLES

Robert Schiffner, who has been visiting Evert Brown at Graniteville for the past two weeks, returned home today to be ready to leave for Scout Camp. Robert, one of the Nugget carriers, reports a great time learning ranch life—one of the big thrills was learning to milk a cow, another killing a rattler, three and a half feet long and having eight rattles.

REV. BUCKNER CHANGES PULPITS WITH BAY MAN

Te Rev. H. H. Buckner, on Sunday morning, will exchange pulpits with the Rev. R. Zubuchen, pastor of the German Methodist church of Oakland. The Rev. Zubuchen will preach the morning service in the Nevada City Mthodist church, and will occucupy the Grass Valley Methodist pulpit in the evening.

The evening service in the local Methodist church will be in charge of Addison Janes. The Epworth league will hold an outdoor meeting on the grounds of Howard Penrose's residence, attending the service at the church later.

The Nevada City and Grass Valley Catholic Sunday schools enjoyed a delightful picnic at Lake Olympia Thursday. The Nevada City Sunday school members chartered a bus from the Nevada City-Grass Valley bus line and all wnt over together. There are thirty five children in St. Canices Catholic church of Nevada City.

PLACER JUDGE SITS IN NEVADA CO. SUIT

Judge J. B. Landis of Placer County presided in the superior court Wednesday in the case of Lillian Fisher and C. B. Fisher vs. C. B. Lyon and Peter Bordanaro and Julia Bordanaro in which damages were sought for injuries incurred in an automobile collision between cars driven by Lyon and Bordanaro near Nordon in Nevada County. The Fishers asked for damages to the amount of $5,000 and the Bordanaros for $711. After hearing witnesses examined the case was submitted to the court for later decision. Judge Raglan Tuttle disqualified to preside as Fred Tuttle of Auburn, a brother, was one of the attorneys in the case.

Miss Audra Bennetts To Wed Donald Watt

Invitations are out for the wedding of Miss Audra Mae Bennetts and Donald Keith Watts which will take place at the pioneer Congregational church in Sacramento on August 5th. Miss Bennetts is a daughter of the late Alfred Bennets and Mrs. Elizabeth Bennetts. She spent most of her life in this city.

Personal

Mrs. Pinckney Armstrong returned from San Francisco Wednesday.

A. Jacobs of the Boston Mercantile Co., and daughter, were Sacramento visitors early this week. Mr. Jacobs has just completed the sale of the Alexander Beer Garden.

Mrs. C. E. Bosworth and son, Donald, are in Berkeley. She is timid about starting home on account of the general strike conditions.

Bessie Baldwin and Mrs. Edith Davey have returned from their vacation, having motored to Los Angeles, San Diego, Santa Barbara and other points.

Mr. and Mrs. Frank Grady of Pittsburg spent the week end in Nevada City visiting with Mr. Grady's parnts, Mr. and Mrs. L. R. Robins.

Mr. and Mrs. Fred Erdman and son, Billie, of Alameda, are visiting friends in Nevada City.

Miss Louise Martin of San Francisco and Walter Conway, university of California student, are spending a two weeks vacation with Mr. and Mrs. Fred Walmsley at the Ben Bost home. Miss Martin's parents, Mr. and Mrs. J. M. Martin, are expected up in a few days for a visit also.

Mrs. Violet Kohler and friend of Sacramento spent last week end visiting with Mrs. Kohler's parents, Mr. and Mrs. Charles Meyers of Gold Flat.

Clemente Muscardini left Monday for a vacation in Oakland where he is visiting his brother, John Muscardini, a former Nevada City resident.

Mrs. Caldwell and daughter of Alturas left Friday after spending a few days visiting Mrs. Caldwell's daughter, Mrs. Leland Smith and family.

Traffic Officer W. C. Fouyer was called to duty after spending only a part of his vacation. Mr. Hammill, traffic officer of Grass Valley, was called to the strike area.

A large truck load of cement, delivered through the Alpha Stores, Ltd., for the new swimming pool. arrived in Nevada City Wednesday evening from Merced. The driver reported no interference from strikers pickets.

When a lugger block slipped in the Hoge mine Tuesday W. P. Buhl, an employee, was struck on the leg and severely bruised. He is about town on crutches.

Karl Kopp, prominent Nevada City business man, Mrs. Selma Gordon, Miss Frieda Pitz and Rudolph Franke are spending a ten day vacation in Yosemite Valley.

Mrs. C. J. Naffzigger, a former resident of Nevada City, is being treated in a sanitarium in San Francisco as the result of a fall in which she fractured her hip and shoulder.

Mrs. J. J. Jackson, Sr., of Nevada City is in receipt of a letter from her niece, Mrs. Harry L. Englebright, that she with her husband and son, were leaving Washington, D. C., Thursday, for their home here.

The last letter from Clark Carter stated he was to land in Italy July 18. He expects to look up and visit with Mr. and Mrs. John Tognarelli

Nevada City residents on a visit home.

Mrs. Leland Smith and three children are spending a vacation on the shores of Lake Tahoe.

Mrs. L. R. Robins is expecting her aunt, Mrs. Gertrude Carr, of Ogden and San Diego to arrive tomorrow for a visit. Nevada state people residing in Nevada City will be pleased to again greet Mrs. Carr.

Mr. and Mrs. Robert Gates and children and Mr. and Mrs. Elmer Durbin enjoyed a motor trip to Lake Tahoe, Carson City, Reno, Truckee, and the Donner monument recently.

Mr. and Mrs. Aubrey Wisker and little daughter of Sacramento are visiting with Mrs. Wisker's sister, Miss Alma Marsh, this week.
